

# HOW TO Request Expense Reimbursement (Student, Postdoctoral Scholar, Research Scientist, Staff, etc.)

- <https://mse.engin.umich.edu/internal/howto/>
- <https://sites.google.com/umich.edu/opstoolbox/te>

[(updates periodically) updated May 2026]

**Decision Tree: 2/3 rule...**If 2 out of 3 answers below are MSE, then MSE may process your reimbursement:

- 1) Are you a Materials Science & Engineering (MSE) PhD Student/Employee (**common PhD employee titles/positions: GSI, GSRA, GSSA, Temp. Employee, Postdoctoral Scholar–Employee / Postdoctoral Associate, Research Fellow, Postdoc**)? These titles are used when the researcher's salary is paid by a grant awarded to the Principal Investigator (PI) or the University. PhD students whose work is supported by sponsored project funds are classified as employees of the University. Similarly, postdoctoral scholars are designated as University employees, with their responsibilities encompassing the activities outlined in the funded project.

(PhD Students (Postdoctoral Fellow, Postdoctoral Scholar–Fellow (Stipend Recipient)) who are funded strictly through

- fellowships (awarded directly to them by an external agency),
- stipend from training grants, or
- have "direct support" (i.e., stipends with no required University service)

are generally **not** classified as employees for tax or benefits purposes. The training is the primary goal, and they are usually not considered University employees in the same way as associates. If you are still not sure, contact HR to ask whether you are classified as an employee.)

- 2) Is your Advisor in MSE?
  - 3) Is the shortcode MSE funds?
- 

## **Update(s):**

- As of May 1, 2026, the use of Collegiate Travel Planners (CTP), U-M's designated travel partner, will be preferred, but not required, to book flights for university-related travel. **If an employee elects to book flights outside of CTP, a U-M payment card (PCard or Travel & Hosting Card) must be used for payment.** Additionally, travelers will now be able to book basic economy fares using the CTP Lightning booking tool.  
Key Takeaways:
  1. If you **do not** have a Pcard:
    1. Book travel through CTP
    2. Obtain a [Travel card](#) to book outside of CTP
  2. If you have a Pcard, you can purchase airfare through CTP or from other vendors.
- Business expenses paid out of pocket will now only be **reimbursed after a trip or event** takes place.

## Business Purpose

The University will reimburse students and employees for reasonable and necessary expenses incurred for approved business travel, hosting, and lab supplies. A 'necessary expense' is one for which a clear business purpose exists and is within University [expense policy](#) limitations. The business purpose must support or advance the University's goals, objectives, and mission. It must adequately describe the expense as a necessary, reasonable, and appropriate business expense for the University. The business purpose should include the conference name and dates when attending a conference. Students may be reimbursed for travel expenses before departure (e.g., registration, airfare).

## Employee Late Out-of-Pocket Expenses Treated as Taxable Income ([General Guidance](#), [SPG Policy and Updates](#))

Out-of-pocket expenses should be reconciled in the University's travel and expense system within [60 calendar days](#). Provide a comment to explain the exception for each line with a transaction date > 60 calendar days. To be eligible for tax-free reimbursements, employees must submit their out-of-pocket expenses in full and accurately, **including corrections and approvals**, within 60 calendar days from the transaction date, the trip end date, or the hosting event date.

Once you enter your Emburse report and it receives **all required department approvals**, the 60-day timeline is stopped. Please note that if your report is returned or denied by Audit, the 60-day clock resumes as if it had never stopped. In these instances, it is crucial to address Audit feedback promptly and resubmit your report to maintain compliance.

Late out-of-pocket expenses will be processed through Payroll using a discretionary account (non-sponsored funds shortcode, like fund codes 10000 or similar, not 20000/25000)

Request a taxable reimbursement, which will be processed through Payroll. Submit all expense related documents via one of the following forms:

- i) [HR - PAR Request eform](#) if all expenses are over 60 days
  - **Par Actions:** choose Additional Pay
  - **Earnings Code:** choose TEA Taxable Expense Reimbursement
  - **Shortcode (a non-sponsored funds shortcode, a discretionary account is needed)**
    - sponsored funds (fund codes 20000 or 25000) shortcode is typically **not** allowable through the TEA PAR process.
    - TEA PAR needs to be paid from a discretionary account.
  - **Approver:** enter Dept. Administrator
  - **Notify:** enter name of RA
  - Once submitted, ignore the emailed SSC ticket entitled "SSC request has been Created (PAR Request – Current Staff...)", Payroll will triage the ticket to the appropriate team
- ii) [FIN - Expense Report eform](#) if not all expenses are over 60 days. (T&E will separate out expenses over 45 days and process those separately)

Please keep in mind that for late receipts to meet the exception to the Accountability Plan requirements (established by the IRS), they are generally based on extenuating circumstances such as extended personal illness, death in the family, unanticipated leave of absence, unforeseen emergency beyond the control of the employee, and other similar circumstances. (Expenses submitted via Emburse that exceed 60 days from the transaction date will automatically be routed to the tax team for review within Emburse. Going forward, there is no need to submit the Accountable Plan Exception Request Form via email for the tax team's approval.)

### Out-of-Pocket Expenses

**Due Date** – within [60 calendar days](#) (**including corrections and approvals**) after the Start Date

**Start Date** – The start date is generally the date of the transaction (includes virtual conference registration fee); however, other dates may also serve as the start date.

1. When traveling, the start date for expenses incurred that relate to the trip is the date of the trip's end (includes, airline or conference registration invoices purchased months prior to the conference, employee per diem, and mileage)
2. When hosting an event, the start date for expenses incurred that relate to the event is the date of the event

#### A. Graduate Student / Employee (e.g., GSI, GSRA, GSSA, Temp. Employee, Postdoctoral Scholar–Employee / Postdoctoral Associate, Research Fellow, Postdoc)

- The University reimburses the student who paid for the expense, whose name is on the receipt. If you shared lodging with other students and you paid the entire cost, only you (the credit card owner) will be reimbursed by the University.
- If another student paid for the expense, that individual must submit the reimbursement request.
- If a guest or parent paid the cost, that individual must submit a [W-9 Form](#) for tax purposes. Information required: Full name, address, relationship to student, bank or payment information (as required). Occasionally, a brief letter or email explaining why the guest or parent paid the expense instead of the student can help streamline processing.

<https://deptapps.engin.umich.edu/thr/index/newform?dept=221800>

#### Here's an Overview of the Process

**A1)** The student will need the following information and documentation to begin the reimbursement process:

- As the Requester, it is your responsibility to email your professor to request reimbursement approval and attach that approval to your reimbursement request. Your request will not be processed without this approval. MSE Approvers will not approve, and SSC will not process, a reimbursement without a copy of the email (PDF format) from the professor approving the following:
  - a. Shortcode to use
  - b. Business Purpose
  - c. Itemize and provide the total dollar amount of the request for reimbursement.
  - d. Receipts and/or paid invoices you attached to your email for their review
  - e. Per Diem for (only) University employees on business travel (if applicable)
    - i. If your conference offers meals, exclude the meals.
    - ii. Non-employee or Guests are not subject to the per diem policy. Non-employee travel meals are reimbursable for the actual cost incurred, provided the rate does not exceed the current maximums. Instead of reimbursing actuals, units may also pay non-employees at a set rate, provided that the rate does not exceed the rates from the following (For actual cost incurred, submit receipts for your meals):
      - [GSA per diem rate](#)
      - [Foreign per diem rate](#)
      - [Department of Defense](#) (for Alaska, Hawaii, and U.S. territories) – see additional notes below.

- f. Mileage (if applicable)
  - i. Place of origin and destination (Street address, City, State, Zip)
  - ii. Indicate if the mileage is round-trip
- Shortcode (If the employee's out-of-pocket expense is late, Payroll will need a discretionary account (non-sponsored funds shortcode, like fund codes 10000 or similar, not 20000/25000) since it is now a taxable expense.)
- Business purpose
  - For conferences, provide:
    - a. Conference website URL/Link
    - b. Location
    - c. Dates
- Traveling to a conference: Provide documentation supporting the business purpose (see [CoE Travel and Hosting Policy](#)) (e.g., conference agenda, program, or invitation)
  - [Student Travel Guide](#): <https://teamdynamix.umich.edu/TDClient/68/Portal/KB/ArticleDet?ID=15076>
- Receipts with proof of payment (submitted to and **approved** by your professor). **Your request will not be processed if the receipts do not show evidence of payment.** Go to the [Receipt Resource](#) page for information on receipts and see “Helpful Information and Links” below.
- Rackham travel grant email, if applicable
  - For more information regarding student travel (including Rackham grant recipients), see the [Student Travel Guide](#) and page 14 below for MSE’s Student Reimbursement and Award Reference Document.
  - If airfare was booked in CTP, submit trip expenses and the Rackham award letter via [Emburse](#).
  - If airfare was not booked in CTPs, send the trip expenses and the Rackham award letter via the [T/E system](#).
- Expense report approver - Default approvers can be your professor’s designated RA. Staff should only be listed as an Approver if supervising someone.

**A2)** T/E system: The student submits the request via the T/E system, which sends an email to [expensereports@umich.edu](mailto:expensereports@umich.edu) upon submission.

**A3)** T/E system: This creates a TDX ticket with the SSC, and the student should receive an email confirmation from TDX.

1. If the student doesn't receive a confirmation email, it means that something went wrong. Please contact SSC to investigate the reason the confirmation email is being suppressed.
2. If the wrong “**Request Type**” is chosen, the report may not be routed for review and approval. But the system has recently been updated so that if you are an employee and you select “Student/Guest”, the T/E system should analyze your employment status and route your form accordingly.
  - (a) Standard Request** – For reimbursements to graduate student employees (e.g., lab supplies).
  - (b) Travel (TVL)/Hosting Request** – For graduate student employees, solely for travel or hosting purposes.
  - (c) Student/Guest TVL Request** – For non-employee students and guests, solely for travel purposes.
  - (d) Student/Guest REIM (reimbursement) Request** – For non-employee students and guests (e.g., lab supplies).

A4) T/E system: SSC will work with the student if they have any questions. **For the status of your reimbursement, contact the SSC (eForm, [sharedservices@umich.edu](mailto:sharedservices@umich.edu), 734-615-2000 option 3).**

**B. - Hotels, car rentals, and black car services may be conveniently booked through CTP. However, these expenses will **not** be charged to the University's CTA. At this time, only airfare and rail tickets are eligible for booking using the UM CTA.
- When you use a U-M PCard, Travel Card, or the CTA, you unlock a range of insurance benefits offered by our corporate card provider, JPMorgan Chase, to ensure peace of mind during your travels. Insurance coverage includes:
  - Worldwide Travel Accident Insurance
  - Hotel/Motel Burglary Protection
  - Medical Evacuation
  - Lost, Stolen, or Damaged Baggage Protection

For a detailed overview of these benefits from JPMorgan Chase, as well as University-offered travel health coverage and rental car protections, please visit the [Travel Insurance Guide for Employees](#).

- Late (over 60 days) expenses booked through CTP using UM's virtual credit card (CTA) (i.e., airline tickets) are **not** be treated a taxable income and should be submitted via Emburse.
- Non-employees (student guests and non-employee students) may purchase their own flights **outside** of CTP and submit a [Non-Employee reimbursement](#).
- [Spouse/Family Members Traveling with Employee or Guest](#) – contact CTP.
- **Use CTP to book airfare on behalf of university guests:** If you do not have access to the CTP system, please take the following steps to arrange your airfare:
  - Contact your PI or professor—who is the CTP profile owner—and confirm whether they approve booking the airfare on your behalf.
  - If they agree, request that the profile owner send an approval email to CTP ([umichigan@ctptravelservices.com](mailto:umichigan@ctptravelservices.com)) authorizing the use of their profile for your flight booking.
  - The approval email should include:
    - Dates of travel
    - Departure and arrival destination
    - Your legal name
    - Your date of birth
    - Your email address
    - Your phone number
    - Your driver's license number (must be REAL ID) or passport number
    - (optional) Frequent flyer number, TSA number, etc.
    - Trip Purpose

And your professor will be asked which of the following ticket price is preferred:

- **Refundable** (higher price): UM will automatically get the funds back to the CTA.
- **Nonrefundable** (lower price): UM has one year to use the airline credit/voucher or lose it, and most airline companies will charge \$100 for traveler name change, if the ticket is not for the same traveler.

If the nonrefundable option is chosen and you **cancel** your flight:

1. Submit your expense (canceled airline expense) via the T/E system or Emburse so that it may be reconciled.
2. Your professor can assist with monitoring the airline credit/voucher and ensuring any future use complies with UM procedures:
  - Share documentation and flight details with your professor. Provide all relevant information and documentation about the canceled flight to your professor. Inform them that an airline voucher or credit was issued, which you or another authorized traveler may use

within one year. Communicating this ensures the credit does not go unrecognized and is available for related research travel.

- Communicate about tracking the available or remaining airline credit. Advise your professor that any future flights booked using the airline credit or voucher will **not** appear in your **Emburse account**. To monitor the available or remaining airline credit, contact CTP or you need to refer directly to your **CTP account**, where available balances are displayed. This clarification prevents confusion or misreporting of expenses and assists with tracking funding sources properly.
- Notify your professor about potential journal entry requirements. If future trips using the remaining airline credit require a different shortcode (funding source), inform your professor that a journal entry must be completed after reconciling the expense. This step is essential to ensure that travel expenses are charged to the correct account for accurate allocation of funds.

Afterwards, you may email or call CTP (877-804-3688) to make your own (reasonably priced ) reservation.

- [CTA transaction routing](#) - select whether CTA transaction should route to the traveler or arranger who is booking the travel. Ensures expenses route to correct person to avoid approval conflicts
- **There is a one-time exception for booking flights out of pocket, unless this has already been used under the previous policy.** The [exception form](#) has been updated to reflect a limited number of extenuating circumstances, including airfare paid via third-party reimbursements. Exception requests should be [obtained before the airfare is purchased](#) to ensure approval, and will require departmental approval by the Dept. Administrator before submission.

When you submit your exception form, add Dept. Administrator as the approver. Upon submission, you will get a ticket number via email.

- When you receive the approval, go to your airfare expense in Emburse and enter your ticket number in the “Airfare Booking Exception TDx Ticket Number” field.
- Attach the PDF copy of the approval to your airfare expense.
- [“Airfare Seat Assignment”](#)—Use this for designated seat purchases (not upgrades), with expenses over \$75 auto-routing for audit. This streamlines reporting and removes the need for an airfare exception for these expenses
- If you have an [unused airline ticket](#), the system will no longer ask if unused ticket needs to be applied to booking in progress. Unused tickets already appear on the next screen of the checkout process
- [Delta Comfort Plus](#), or Delta Premium Select are premium economy seats (an improved version of the main cabin, the economy class on Delta). These are considered an upgrade and is not allowable unless the in-air flight time is 8 or more hours (not including layover time) or if an approval is obtained from a Chancellor, Dean, Director, Vice Chancellor, Vice President, or Senior University Officer.
- The University will not reimburse airline tickets purchased using frequent flyer miles, reward points (Flex Points), eCredits, etc.
  - eCredits: Only the actual out-of-pocket portion paid (not covered by credits) is eligible for reimbursement and only with appropriate documentation. If the original eCredit was used toward a University business-related flight and you paid out of pocket for that expense, you may submit that transaction for

reimbursement, along with the appropriate documentation. If you have unused credit and have questions about using it, call CTP. CTP will be able to tell you what fees will be charged and how they can be split if needed. Each carrier has different fees and rules on unused tickets.

- Flights should be booked [at least 14 calendar days in advance](#). Flights booked with less than 14 calendar days advanced purchase require an explanation comment for the booking delay for the approver's review. Approvers may deny charges that result from last minute airline booking.
- You can only be reimbursed for business portion of your travel; [personal travel](#) expenses will not be included. ([Combining Business and Personal Travel, Bringing a Personal Guest on a Business Trip](#))
- Attach a coach class [fare comparison](#) if one of the following applies:
  - If your itinerary includes [personal travel](#) alongside business obligations
  - Any situation that is not straightforward, such as traveling to a different return location (e.g., the place of origin is Detroit, and your return destination is Chicago)
  - If you drove your personal vehicle to your business-related destination instead of flying
    - (Typically you do *not* need a coach-class airfare comparison when the traveler chooses to [rent a car](#) and drive.)
  - You upgraded when the length of the flight is less than [eight hours](#)

To determine the allowable business portion of the airfare, a fare comparison from the Travel Booking Tool (Lightning) is required at the time of booking. However, if a comparison wasn't obtained then, a new one may be accepted if:

- The travel dates are at least 14 days in the future as this timeframe typically yields more economical fares
- The comparison is pulled from Lightning
- The departure and return dates match the original business trip

Example:

Your event travel dates were 1/14/26 (Wed.) through 1/16/26 (Fri.).

Today is 2/2/26. The next Wednesday falls on 2/4/26.

Identify the Wednesday two weeks from February 4, which is 2/18/26.

Use Lightning (or the airline's website you originally used) to pull a flight cost comparison covering the period from 2-18 (Wed.) - 2/20 (Fri.).

Capture your findings by taking a screenshot or generating a PDF of the available flights or flight list. This documentation will serve as your official cost comparison submission.

If your airfare cost is higher than the business-only airfare, you must document and itemize the difference when submitting your expense report. Any additional amount beyond the approved business expense will be deducted from your payroll.

This comparison should demonstrate the cost that would have been incurred had the most economical coach or economy airfare been selected for your business trip. The purpose of this requirement is to verify that requested reimbursements do not exceed the cost of the lowest-price airfare available within a logical and reasonable travel schedule.

- **CTP Price Matching** - If you find a lower fare for the same flight and class on an airline's website, CTP can often price match *before* you book. Just follow these steps (see [CTP Price Match Guide](#)):

	<ul style="list-style-type: none"> <li>○ Compare both the Lightning confirmation page and the airline’s final price (for the same flight and fare class)</li> <li>○ Call a CTP agent at 877-804-3688 (Option 2) OR</li> <li>○ Email your screenshots and flight details to <a href="mailto:na.pricematch@ctptravelservices.com">na.pricematch@ctptravelservices.com</a></li> </ul> <p>If CTP cannot match, then you request an exemption based on pricing or available flight</p>

<a href="#">Lodging (Max \$400/night)</a>	<ul style="list-style-type: none"> <li>● Itemized hotel folio or receipt is required for reimbursement.</li> <li>● <b>Standard Accommodations:</b> Typically a standard room in a commercial hotel or motel.</li> </ul> <p><b>AirBnB</b></p> <ul style="list-style-type: none"> <li>○ Provide a valid reason for choosing AirBnB instead of hotel.</li> <li>○ See ‘Shared Accommodations’ below</li> <li>○ Airbnb travel insurance is not reimbursable, and Airbnb has a wide range of cancellations, be sure to choose an AirBnB with a flexible cancellation policy.</li> <li>○ AirBnBs and VRBOs usually include a high cost "cleaning fee" that should be considered when doing the cost comparison. The University will reimburse the cleaning fee as an allowable expense.</li> <li>○ If you purchased lodging from an Airbnb (individual) and would like the University to pay the AirBnB homeowner, an W9 may need to be completed by the individual (home owner) and payment processed thru UM People Pay. <p>Rental car and Fuel</p>	<ul style="list-style-type: none"> <li>• Requested amount should <b>exclude the refundable security deposit</b>. (Fuel for personal vehicles is included in personal car mileage (see below).)</li> <li>• If renting a vehicle is your most cost-effective option, book your rental vehicle in Lightning, the University's online booking tool, with the University's preferred suppliers, National Car Rental and Enterprise Rent-A-Car.</li> <li>• Travelers should decline all collision insurance (<b>CDW (Collision Damage Waiver)</b>, <b>LDW (Loss Damage Waiver)</b> or Insurance Supplement) on rental vehicles, with the exception of some international travel. Mileage reimbursement is limited to the amount of the coach airfare. <ul style="list-style-type: none"> <li>○ For a short trip such as Ann Arbor to Detroit (about an hour’s drive and less than 50 miles), a flight cost comparison is not required. ### Student Reimbursement and Award Reference Document (May 2026)

Activity (Student travel)	University Business	Academic Pursuit	CTP booking rule	Payment / processing notes
Recognized Student Organization (Maize Pages) travel (conference or non-conference; presenting or not)	X		CTP REQUIRED	Use CTA when available; otherwise pay via unit-approved U-M method. Often easier to transfer funds to SOAS than reimburse students.
Course projects (field trips; internships required for a class; course-required travel)		X	<b>CTP NOT PERMITTED</b>	Book outside CTP per unit guidance; student out-of-pocket only if allowed/approved. Retain course documentation as needed.
Attending a conference but not presenting		X	<b>CTP NOT PERMITTED</b>	Book outside CTP; keep agenda/registration as support.
Presenting at a conference (related to a specific course)		X	<b>CTP NOT PERMITTED</b>	Book outside CTP; retain course connection documentation.
Reimbursement from a training grant		X	<b>CTP NOT PERMITTED</b>	Book outside CTP and follow sponsor/unit rules.
Competition travel (group or individual)		X	<b>CTP NOT PERMITTED</b>	Book outside CTP; follow unit process and documentation requirements.
Presenting at a conference (unrelated to a specific course)	X		CTP REQUIRED	Provide itinerary as supporting documentation.
Sponsor site visit (including corporate sponsors)	X		CTP REQUIRED	Coordinate with sponsor/unit for any additional requirements.
Research project travel (not to a conference—e.g., field work, research site visit)	X		CTP REQUIRED	Retain documentation showing research purpose/dates/sites.
Rackham travel grants (recipient reports to Office of Financial Aid)			DEPENDS (match classification: University Business → CTP REQUIRED; Academic Pursuit → CTP NOT PERMITTED)	Recipient responsible for required reporting to Office of Financial Aid; confirm classification and process with Rackham/unit.
